

202 Motors

New Equipment & Construction

Instructions for completing the NE&C EC MOTOR Incentive Worksheet

General Note:

1. The Motor Incentive application is for Electronically Commutated (EC) Motors only.
2. The Incentive, in conjunction with all other sources of funding, cannot exceed the total project cost.

Eligibility Requirements:

1. EC Motors on new fan powered terminal boxes, refrigeration fan coils or HVAC Supply Fans on small unitary equipment are eligible for this Incentive. Other equipment and applications may be eligible under the NE&C Custom Program.
2. This program covers EC Motors which are efficient fractional HP motors.
3. Motor must operate at least 2000 hours per year to be eligible for Incentives.
4. The Incentive offer is not valid unless signed and dated by the Utility Representative. The Customer accepts the Utilities Incentive offer and agrees to the Terms and Conditions of the Utility by signing in the pre-approval offer block.

Pre-Installation:

1. Review eligibility requirements.
2. Review specifications for the proposed equipment to confirm it meets the minimum efficiency requirements.

NE&C EC MOTOR INCENTIVE WORKSHEET							
Item	System Type (Refrigeration or HVAC)	Fan Load (kW for Refrigeration CFM for HVAC)	Evap Fan Controls (Y/N)	Annual Hours	Quantity of Motors (a)	Incentive per Motor (\$) (b)	Total Incentive (\$) (a * b)
<i>Ex.</i>	<i>Refrigeration</i>	<i>0.187 kW</i>	<i>N</i>	<i>4,000</i>	<i>2</i>	<i>\$75</i>	<i>\$150</i>
	What System is the EC Motor being installed on	Refer to Manufacturer's Specifications	Are there controls?	State annual hours	Number of EC Motors	Refer to Incentive Form	Calculate the Incentive

Post Installation:

Utility Representative must verify that:

1. The motor has been installed and operable or that the customer has purchased the motor for stock.
2. The motor matches the information on the Incentive application. If any motor has changed from what was approved for the initial Incentive offer, the substituted equipment specifications must be submitted and reviewed by the utility to verify compliance with technical requirements and approved by the Utility before a Incentive is considered.
3. Proof of Purchase has been submitted. This includes invoice(s) indicating the size, type, manufacturer, model or part number, purchase date, and vendor of the efficient equipment. Other forms of payment such as AIA Certificates of Payment may also be acceptable.
