

NEW HAMPSHIRE ENERGY STAR® Homes Program

PROGRAM ENROLLMENT FORM

Please indicate which program you are applying for:

- Net Zero Challenge (ENERGY STAR 3.1 is a prerequisite)
- ENERGY STAR 3.1 (Home built to exceed 2012 International Energy Conservation Code)
- Drive to ENERGY STAR code plus initiative (Exceeds current code does not meet ENERGY STAR certification)

BUILDER INFORMATION—must be ENERGY STAR® Certified builder partner

Company Name: _____ Contact Name: _____
 Street Address: _____ City: _____ State: _____ Zip: _____
 Telephone Number: _____ Email: _____ Fed Tax ID: _____

HOMEOWNER INFORMATION (if known)

Check if homeowner contact info is same as Builder above.

Name: _____
 Mailing Street Address: _____ City: _____ State: _____ Zip: _____
 Telephone Number: _____ Email: _____

ENERGY STAR CREDENTIALLED HVAC CONTRACTOR (if project utilizes ductwork for heating or cooling)

Company Name: _____ Contact Name: _____
 Street Address: _____ City: _____ State: _____ Zip: _____
 Telephone Number: _____ Email: _____

PROJECT INFORMATION

Development / Subdivision Name & Town (if applicable): _____
 Project / Site Manager: (name) _____ Phone: _____
 Site Manager Email: _____ Utility Account #: _____
 Property Address: _____
 The property enrolled is a (check one): new complete gut-rehab of existing
 single family home duplex / triplex / quad multi-family (5+ units) # of units: _____ stories: _____
 Est. ft² of conditioned living area: _____ Home Energy Rater (if known): _____
 Construction start date: _____ Estimated Completion Date: _____

INCENTIVE RECIPIENT INFORMATION

Generally, the incentive goes to the “decision-maker” for the project, the person deciding to, and paying for the higher building performance standard. Builder Homeowner

Name the incentive check will be payable to: _____

Signature of account holder of record if the incentive will be sent to another party: _____

PROGRAM FUNDING

Funding for this program is limited and may be subject to change. Project funding is approved on a first-come, first-serve basis. By signing, you state that you understand the ENERGY STAR for Homes Version 3.1 Guidelines and understand these rules as they apply to your project, potentially qualifying for an incentive. The utility must receive a signed copy of this application before the start of construction. Funding is contingent upon utility approval. The program covers third-party Energy Rating fees upon successful completion and full compliance with program requirements. This agreement is contingent upon continued approval and authorization by the commission to recover said amounts from the System Benefits Charge.

X Applicant Signature _____ Date _____ Utility Approval: _____ Date _____
 Print Name _____

Any incentive offer associated with this application is good through the end of 2023.

PROGRAM DESCRIPTIONS

NET ZERO CHALLENGE	Homes entering this challenge must meet the ENERGY STAR Homes 3.1 certification requirements and have a renewable energy system installed, such as solar photovoltaics, a small wind turbine or a micro-hydro turbine. Participants compete for a cash incentive to design and build super high-efficiency, zero-net-energy homes.
ENERGY STAR 3.1	Designed for homes being built to exceed 2012 IECC. Efficiency targets are increased - key changes include lower infiltration values, better windows & doors, more efficient HVAC equipment including the air handler and ducts in conditioned space, and more efficient lighting. These more efficient features are used to determine the ENERGY STAR HERS index target. Complete ENERGY STAR Program Requirements can be found at: https://www.energystar.gov/index.cfm?c=bldrs_lenders_raters.nh_v3_1
Drive to ENERGY STAR (code plus initiative)	Initial entry point into efficient building practices for builders/homeowners that are building single family homes exceeding code but not meeting all the ENERGY STAR certification requirements. This is an introduction into a better understanding of the process, and the ENERGY STAR requirements for the builder and HVAC contractor.

ELIGIBILITY REQUIREMENTS

- An approved ENERGY STAR enrollment form must be submitted and approved by sponsoring utility prior to construction.
- Utility service must be provided by one of the utility sponsors - (Eversource, Liberty, NHEC, Unitil).
- Builder must complete a free online ENERGY STAR Orientation Training and register as an ENERGY STAR Builder Partner Version 3.1
- HVAC contractor must be an EPA-recognized credentialed HVAC contractor (Not applicable for Drive to ENERGY STAR code plus initiative).
- Builder/homeowner agrees to coordinate inspections with assigned Home Energy Rater (HERs).
- Homes must meet ENERGY STAR program requirements to qualify for label and financial incentives (Not applicable for Drive to ENERGY STAR).
- ENERGY STAR Version 3.1 can be single-family, multi-family or townhouse style construction three stories or less in height, or four stories where each residential unit has its own heating, cooling and hot water systems. Each dwelling must be individual electrically metered.
- Construction to be complete* by December 31, 2023 to receive incentives. Homes completed after December 31, 2023 applicants will be required to sign an updated agreement. The availability of rebates and services are subject to regulatory funding and program approvals.

**Complete - Dwelling is in move-in condition, all mechanical equipment operating, HERS testing complete, required builder and HVAC documentation submitted to HERS rater.)*
