

NHSaves[®] is a collaboration of New Hampshire's electric and natural gas utilities working together to provide New Hampshire customers with information, incentives and support designed to save energy, reduce costs and protect our environment statewide. These highlights outline the accomplishments of the NHSaves programs and the benefits to electric and natural gas customers in 2022.

\$2.98 for every \$1
 benefits generated for every
 \$1 invested in energy efficiency

\$168,697,816
 in benefits created

118,145
 customers served across all programs

1,624,582 MMBtu
 lifetime other heating fuel savings

1 million MWh

lifetime electric savings

Enough energy to power the electricity of
135,610 homes
 for one year

2.4 million MMBtu

lifetime natural gas savings

Enough energy to heat
27,073 homes
 for one year

716 million tons

of CO₂ reduced

Enough to take
159,286 cars
 off the road for one year

The NHSaves programs make it possible for New Hampshire residents, businesses and municipalities to reduce their energy burden by becoming more energy efficient. By making it easy and less expensive for customers to access high-efficiency appliances and equipment, the NHSaves utility partners are helping to defer the need for expensive new electricity generation, gas supply infrastructure and limiting harmful emissions.

Residential

183,665 MWh
lifetime electric savings

1,474,652 MMBtu
lifetime natural gas savings

2,183 kW
summer savings

3,473 kW
winter savings

Commercial, Industrial and Municipal

797,496 MWh
lifetime electric savings

959,175 MMBtu
lifetime natural gas savings

8,614 kW
summer savings

8,716 kW
winter savings
