BUILDING ANALYST

Starts 5/2/24

The **BA-Technician** is a 4-day Thursday/Friday course (starting 5/2) from 8am-4pm and prepares students for Building Performance Institute (BPI) entry-level BA-T certification. Students will learn how to evaluate residential buildings as energy systems.

CRN: 28096 **Course#:** NCWK 904L
Cost: \$850 **Location:** LRCC campus

**Please register separately for the 4-hour Field Exam (CRN: 28097, Course#: NCWK 9005L, Cost: \$750, takes place between 5/13-24 in Nashua, NH)*

The **BA-Professional** is a 3 1/2-day Thursday/Friday course (starting 6/13) from 8am - 4pm and prepares students for the BPI BA-P certification. Students will analyze building energy assessment information to develop home energy performance work scopes.

CRN: 35351 **Course#:** NCWK 906L
Cost: \$750 **Location:** LRCC campus

**Please register separately for the 2-hr Written Exam (CRN: 35352, Course#: NCWK 9003L, Cost: \$350 on 6/21 from 12:30pm - 4:30pm at LRCC Campus)*

Deadline to register is April 29, 2024!
