

NHSaves[®] is a collaboration of New Hampshire's electric and natural gas utilities working together to provide New Hampshire customers with information, incentives and support designed to save energy, reduce costs and protect our environment statewide. These highlights outline the accomplishments of the NHSaves programs and the benefits to electric and natural gas customers in 2023.

\$2.78 for every \$1
benefits generated for every
\$1 invested in energy efficiency

\$176,506,198
in benefits created

97,612
customers served across all programs

1,928,010 MMBtu
lifetime other heating fuel savings

1 million MWh

lifetime electric savings

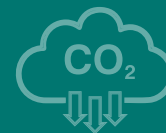

Enough energy to power the electricity of
115,649 homes
for one year

2.6 million MMBtu

lifetime natural gas savings

Enough energy to heat
29,361 homes
for one year

1 million tons

of CO₂ reduced

Enough to take
160,049 cars
off the road for one year

The NHSaves programs make it possible for New Hampshire residents, businesses and municipalities to reduce their energy burden and become more energy efficient. The programs and services offered by the NHSaves utility partners are designed to save energy, reduce costs and protect our environment.

Residential

197,094 MWh
lifetime electric savings

1,041,933 MMBtu
lifetime natural gas savings

2,748 kW
summer savings

4,047 kW
winter savings

Commercial, Industrial and Municipal

641,725 MWh
lifetime electric savings

1,597,660 MMBtu
lifetime natural gas savings

10,255 kW
summer savings

9,860 kW
winter savings
