# **2025 HVAC New Equipment**

## Instructions for completing the NE&C HVAC Incentive Worksheet

## **General Notes:**

- 1. The HVAC Application must be completed and the Incentive approved prior to purchasing or installing the equipment.
- 2. Unitary capacity (in tons) should be Air Conditioning and Refrigeration Institute (ARI) net capacity, not gross capacity.
- 3. Invoices will be required for payment of Incentives.

# **Eligibility Requirements:**

- 1. The proposed unit(s) must meet the minimum efficiency requirements listed on the Incentive worksheet.
- 2. Split systems must list the matching indoor evaporator coil/fan equipment with the outdoor equipment.
- 3. The Incentive offer is not valid unless signed and dated by the Utility Representative. The Customer accepts the Utilities Incentive offer and agrees to the Terms and Conditions of the Utility by signing the pre-approval offer.
- 4. Project is NOT eligible for incentives on this application if equipment has been purchased and participated in the NHSaves mid-stream instant incentive program or received an incentive through any other NHSaves programs.

#### **Pre-Installation:**

- 1. Review the Incentive eligibility requirements.
- 2. Review the proposed equipment specifications to confirm it meets the minimum efficiency requirements.
- Provide to the utility representative the manufacturer's equipment specifications and record the following information on the worksheet:
  - o Equipment (unitary, heat pump, or VRF)
  - o Building Type (Hospital, Office, Retail Store, School or Other)
  - Manufacturer and Model Number (see the example on the HVAC Incentive Worksheet)
  - o System Tons (a)
- 4. Look up and fill in the Incentive amount from the Unitary Worksheet (c), Quantity (d) and the total incentive (e).

#### Post-Installation:

### **Utility Representative must verify that:**

- 1. The HVAC equipment has been installed and operable.
- 2. The HVAC equipment matches the HVAC Incentive Application information. If the equipment has changed from what was approved for the initial Incentive offer, the substituted equipment specifications must be submitted and reviewed by the utility to verify compliance with technical requirements and approved before an Incentive is considered.
- 3. The Invoice or proof of payment has been submitted.
- 4. The Utility Representative & Customer have signed / dated the post installation inspection block on the Incentive form.
