

NHSaves[®] is a collaboration of New Hampshire's electric and natural gas utilities working together to provide New Hampshire customers with information, incentives and support designed to save energy, reduce costs and protect our environment statewide. These highlights outline the accomplishments of the NHSaves programs and the benefits to electric and natural gas customers in 2023.

\$2.33 for every \$1

benefits generated for every
\$1 invested in energy efficiency

\$168,532,444

in benefits created

140,350

customers served across all programs

1,539,214 MMBtu

lifetime other heating fuel savings

0.9 million MWh

lifetime electric savings

Enough energy to power the electricity of

120,177 homes

for one year

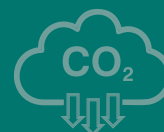

2.6 million MMBtu

lifetime natural gas savings

Enough energy to heat

29,406 homes

for one year

660,000 tons

of CO₂ reduced

Enough to take

153,313 cars

off the road for one year

The NHSaves programs make it possible for New Hampshire residents, businesses and municipalities to reduce their energy burden and become more energy efficient.
