

Incentives Available for Commercial Water Heater Sales in New Hampshire!

EFFECTIVE JANUARY 1, 2026

Your purchase is eligible for an incentive off the purchase price if:

- 1 Equipment will be installed for commercial use at a site that has a commercial or industrial service account with one of the NHSaves sponsors per the tables below
- 2 The sale is not already receiving an incentive through another program

How to Receive an Incentive

To receive an incentive that reduces the initial equipment purchase cost of your water heater, ask your contractor to reach out to a participating distributor (see back). Your contractor must provide the installation address and site information for the water heating equipment to the distributor to obtain the incentive. Sales are subject to installation verification.

LIBERTY NH AND UNITIL GAS TERRITORY ONLY

Natural Gas Water Heater	Input Rating	Required Efficiency	Customer Incentive
Condensing Water Heater	≥ 75 Mbtuh	Thermal Efficiency $\geq 94\%$	\$2/Mbtuh
On-Demand Tankless	N/A	Uniform Energy Factor ≥ 0.94	\$1/Mbtuh
Volume (Domestic Hot Water Heater)	≥ 75 Mbtuh	Thermal Efficiency $\geq 94\%$	\$2/Mbtuh
Indirect		Paired Boiler AFUE $\geq 90\%*$	\$200/unit

Equipment	Fuel Type	Required Efficiency	Customer Incentive
High-Speed Clothes Washer	Natural Gas	$> 200G$	\$4/lb. capacity

*This refers to the efficiency of the boiler paired with the indirect water heater.
