2026 Lighting New Equipment

Instructions for completing the New Equipment LIGHTING Incentive Worksheet

General Notes:

1. This application is for new high efficiency lighting fixtures, systems and controls.
2. Cutsheets / specifications including photometric tables must be submitted and reviewed by the utility to verify compliance with technical requirements.
3. Proof of Purchase includes invoice(s) indicating the cost, type, manufacturer, model or part number, purchase date, and vendor of the efficient equipment are required for payment of incentives.
4. The incentive, in conjunction with all other sources of funding, cannot exceed the total project cost.
5. Project must be completed by the end of the calendar year shown on top of the application to be eligible for incentive. After that date the preapproval is void and the business will need to contact their Utility Representative to reapply for incentive pending funding availability.

Eligibility Requirements:

1. The incentive offer is not valid unless signed and dated by the Utility Representative. The Customer accepts the Utilities incentive offer and agrees to the Terms and Conditions of the Utility by signing in the pre-approval offer block.
2. Projects need to be pre-approved prior to installation to be eligible for incentives.
3. Project is NOT eligible for incentives on this application if equipment has been purchased and participated in the NHSaves midstream instant incentive program or received an incentive through any other NHSaves program.

LED Specific Documentation Requirements:

LED fixtures and lamps must be listed on ENERGY STARS's (ES), Designlights Consortium (DLC) or the utilities' websites. For more information see the DLC's listing <http://www.designlights.org> or ENERGY STAR's website:
